THE BLACK HOLE

Sheesh. I don't like the way those clouds are gathering.

Me too.

Don't say that.

At this rate, Relics Point is going to blow up!! _somehow I have that feeling....

They say something real bad is happening down below.

Mount Minakami

!!

!HHAA

Who goes there?

Who...

Where on earth did they come from?

RUMBLE

CRACKLE

KRACK

!!

I do feel a Massive accumulation of energy below us.

Hmmm. Now that you mention it...

RUMBLE

Can you not feel...

...This massive distortion in the gravity?

no ...

What is he up to..?

very likely, can't you sense it?

That wretched Guyot is still here, right?

so... This is Mount Minakami ...

relics point in Japan...

What do you Mean?

YOU COUNCIL SO AS NOT TO LOSE THE CHANCE OF FURTHER DEVELOP-MENTS

IF YOU HAVE FINISHED THE SPEECH, BALCUS...

IF YOU CONTINUE THIS PROCESS THAT YOU HAVE BEGUN IT WILL BECOME **UNSTABLE**.

NO... **LISTEN RICHARD!**

...UNTIL IT BECOMES A TRUE **BLACK HOLE!**

IF THAT HAPPENS, EVEN YOU WILL NOT BE ABLE TO STOP IT!

and then...

while preoccupied you become unaware what you are creating!?

you are putting the existance of the entire planet in danger!!

Guyot..

WOOOOOW

that is Enough!

thanks to you I am the strongest of the twelve supreme lords

I owe you my thanks you know..

What a surprise... You are here as well..

IF I DO NOT SUCCEED TO BEAT ALKANPHEL THEN MY FATE IS SEALED

NOT EVEN YOU COULD SURVIVE RICHARD

THIS IS THE ONLY POSSIBLE OUTCOME FOR ME

YOU CANNOT SERIOUSLY WISH TO CONTINUE THIS?

THEN WE'LL ALL DIE TOGE-THER!

IF I SHOULD DIE

I KNOW EXACTLY WHAT I AM DOING

DO I SEEM WORRIED BALCUS

NOT A CHANCE

YOU MUST BE STOPPED RICHARD BEFORE IT IS TOO LATE

Richard think

AND FOR THAT I'LL RUN ANY RISK

THEN I WILL NOT HAVE MANAGED TO SEND ALKANPHEL TO HELL

EVEN PERHAPS THE WHOLE PLANET WOULD BE SUCKED IN

IF THE BLACK HOLE BECOMES UNCONTROLABLE THEN THE WHOLE BASE

Hey Gyuo.

What to see

Let me be Gyuo's opponent.
As far as destiny and this guy are concerned I too have a score to settle

Did you say "ruins"?
What What have you guys done to the ruins?
Chef?
Now everybody quickly, into the ruins

Ha Ha Ha

In this situation, I never expected to have such a chance
I'm glad Agito I'm glad!!
"Unit Remover", come here.
What s ne talk ng about?

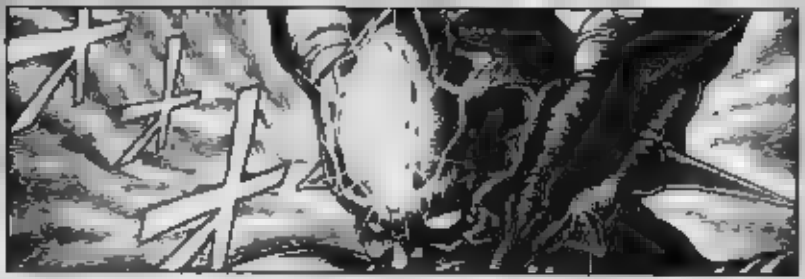
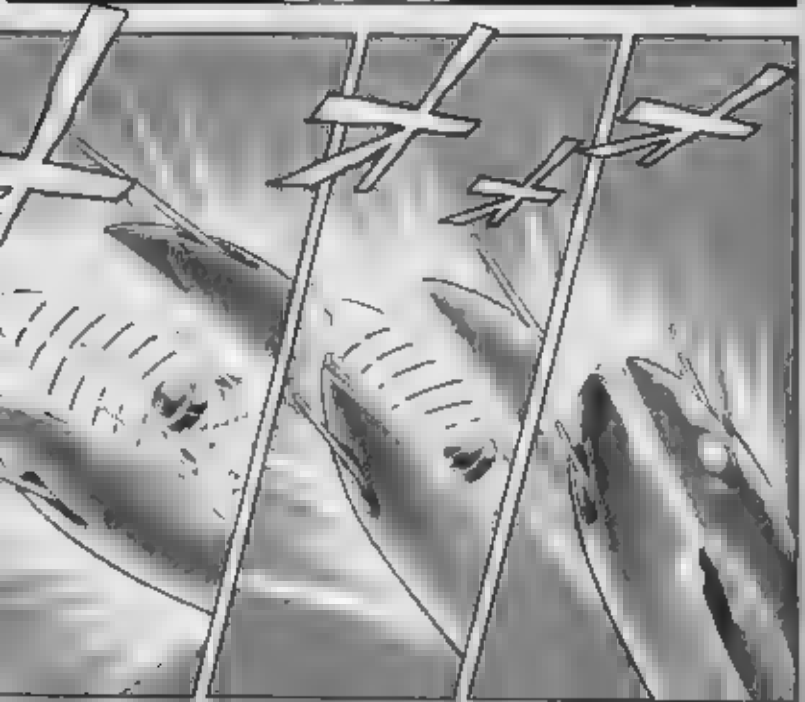
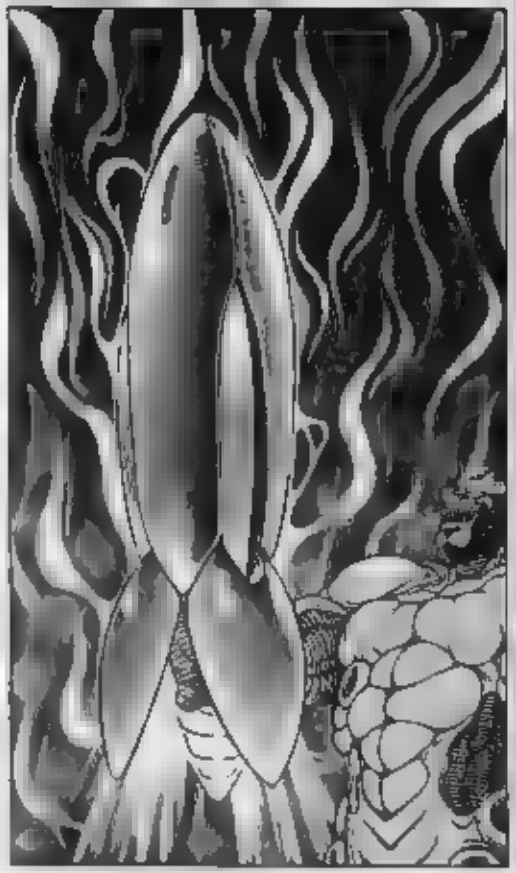
Is that something flying out of Dr Shrag's lab?
Could it be

That shape... it's probably...
something that has been there from the beginning!

Here it comes







It s merg ng

G o s arm

It may be a very powerful weapon
Be careful
If so
No Makishima that's a

When that happens the ontro medo returns to ts state before the re ease ot the n t.
The waves beamed from the Remover have the effe t of de et ng h mano d data recorded n the contro medo
What do you mean

What just happened

Does that ob e t have the power to far e the reversa ot the trans tormat on
Is the transfo rmat on com ng ndone?

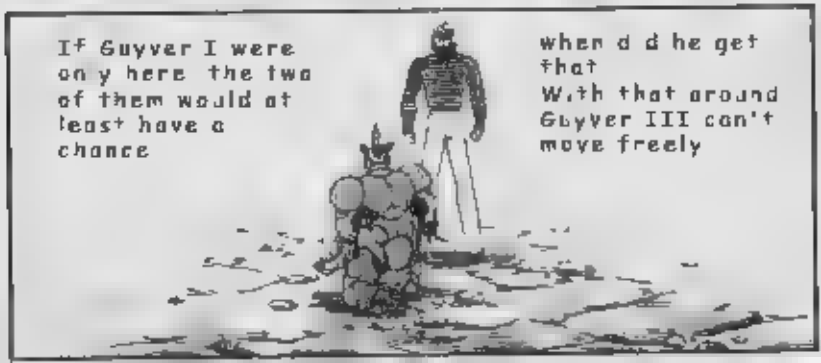
第50話 怒りの獣神変!!
死闘・村上V.Sギュオー
But
until
then...

You're the only one who can stop Gyuo.
I'm sorry Murakami

Makishima

Guyver I Fukamachi is concentrating all his nerves on the preparations for the launch of the rains
If he leaves the ruins now we may miss the chance to escape forever

That Gyuo
Unit Remover?



If Guyver I were only here the two of them would at least have a chance
when d d he get that
With that around Guyver III can't move freely

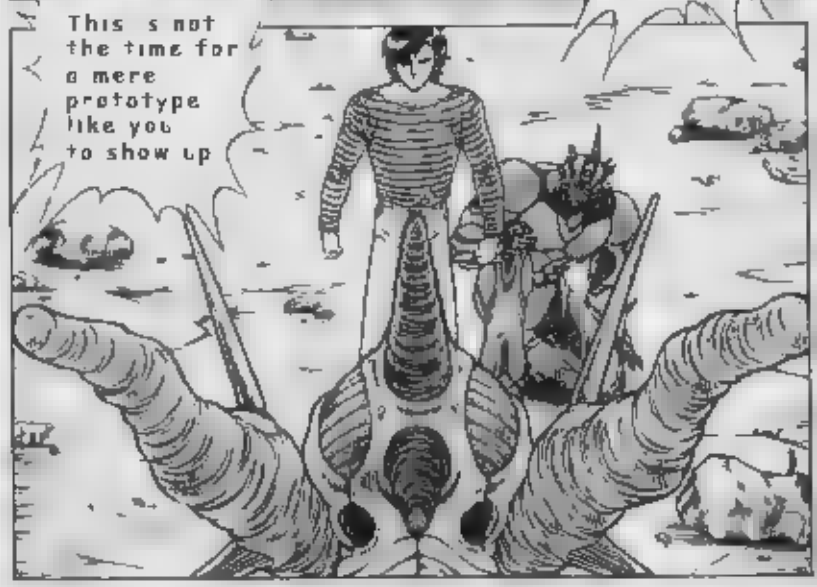
But you by yourself
There are two important things now
When the ruins take off I will jump on to the exterior right away
At that time you just have to pull me in
And the other is to never give Gyuo a chance to get "boost armor"
One is to escape from this MiraKami mountain in the ruins
Both you and Sho should not be somewhere within Gyuo's reach

and get on the ruins with everybody else
As soon as I transform run quickly to the entrance of the ruins
Once the energy charge is complete launch the ruins Don't worry about me
And please tell Sho
I don't know why but somehow Gyuo seems exhausted
Just listen to me
But then
I'll buy us some time by distracting him
Normally it's impossible for me to catch him in this kind of state

!!
On top of that you've lost some whole body gravity points (GP) which are critical for gravity control
Now I think that even I can beat you
What do you think?
which means that you can't use your special power gravity attack!

OK now!
How dare you say that, Murakami!
How
TRUST

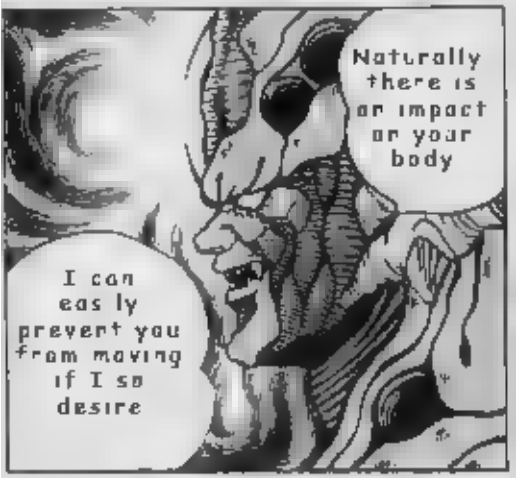
You
It is time to die!



This is not the time for a mere prototype like you to show up

I don't know what happened up there but you look really exhausted
Really?

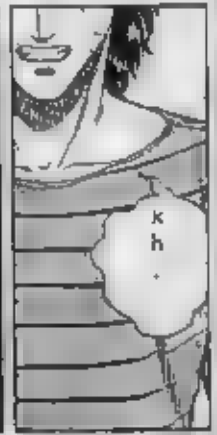
Your body is a prototype of me Gyuo
D d you forget, (Murakam ?



Naturally there is an impact on your body
I can eas ly prevent you from moving if I so desire

For that reason the dummy crystal embedded in your body eas ly resonates with the Zuo crystal of my fu ly comp ete body

And



k h .

My whole body is paralyzed!
!?

huhu huhu

This is enough to end your life
I still have this fist
It's true that I lost almost all my whole body GP but

Oh no ! He still has those
Gravity bullets?

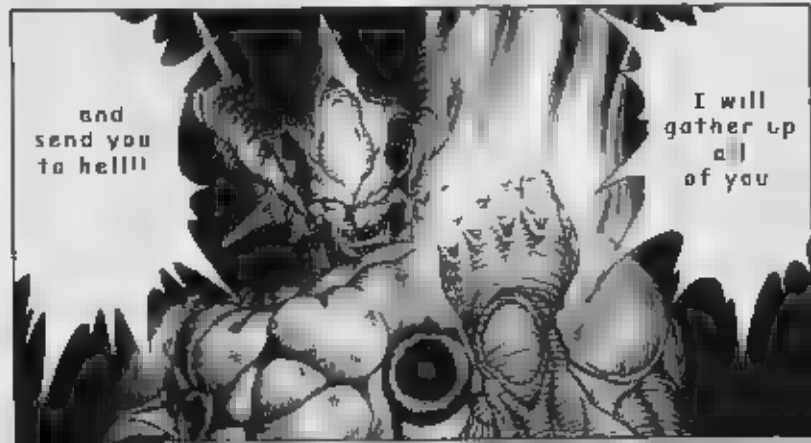
Die Murakami !!

Chief ?
Chief!!

Chief Odagiri !?

What a disaster
In this terrible situation I can't even move!

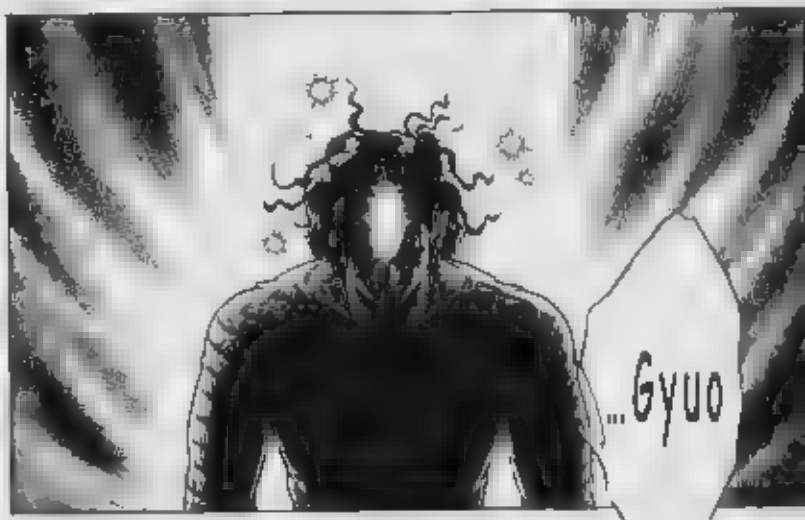
Th ngs are sti l the same
Huh that s not going to he p.



and send you to hell!!!
I will gather up a l of you

TRANSFORM!!

No way!? He's supposed to be paralyzed
He.. he stood up!!



...Gyuo

I'm going to kill you!!

Wh why?

Where in the wor d did someone like you who deserves to d e get that k nd of power?
How was he able to break free from the crysta resonance?

Murakam
Finall y

Finally made his last transformation!

AARRGGH

Ryoo is certainly weakening he's being thrown about completely
It's a Herculean fight Murakami

get everyone into the ruins

Te Tetsuro kun

et's leave everyth ng to Murakami we shou d leave now
